

## The Scottish Parliament

Malcolm Chisholm MSP  
Edinburgh North and Leith

Nanette Milne MSP  
North East Scotland

August 2007

Dear Sir/ Madam,

The Cross Party Group on Cancer is delighted to support the sixth annual Scotland Against Cancer Conference organised by Cancer Research UK.

Scotland Against Cancer plays an important role in influencing political opinion on cancer policy. We look forward greatly to participating in the conference and to the resulting report and recommendations which will be taken forward by the Cross Party Group on Cancer.

This year's conference will include an open discussion forum format, offering an opportunity for delegates to share their own experiences and suggestions on key elements of cancer policy. This discussion forum, the expert panel and the keynote speakers will focus on setting the agenda for the development of an updated cancer strategy for Scotland.

We hope you will join us at Scotland Against Cancer on Monday 29 October at The Assembly Rooms, Edinburgh.

With kind regards,

**Malcolm Chisholm MSP**

**Nanette Milne MSP**

**Co-conveners, Cross Party Group on Cancer**
