While the indicated preferences will be taken into account as much as possible, we cannot guarantee that you will be given your first two choices.

[]	Topic 1	Health messages – turning knowledge into action How can we help people turn prevention messages into action and really improve their health and wellbeing?
[]	Topic 2	Appraising treatments What should Government be doing to address the issue of cancer treatment and its availability on the NHS?
[]	Topic 3	Living with and beyond cancer What more needs to be done to support those living with and beyond cancer?
[]	Topic 4	Diagnosing cancer earlier What can we do to improve symptom recognition and make sure that people are diagnosed earlier?
[]	Topic 5	Reducing cancer inequalities How can we reduce inequalities and make sure that treatment and care is provided equitably to all?
[]	Topic 6	Appropriate care How can we best cater for the needs of children and young people, and those with less common cancers?
[]	Topic 7	Measuring quality and improving outcomes What does quality mean, what should we be measuring, and how should we go about it?
[]	Topic 8	Innovation and improvement How can we better support cancer research in Scotland and deliver improvements to patients?
